CELEBRATES THE 50TH ANNIVERSARY "PHYSICAL GRAFFITI" TOUR 2025

PROMOTION & MEDIA KIT

Come one, come all in 2025 to see Kashmir featuring Jean Violet perform Physical Graffiti in it's entirety!! The iconic 6th album released in 1975 is Led Zeppelin at their creative peak – with more new music than could fit on an album, they opted to make Physical Graffiti their only studio double album. It was both a critical and commercial success upon release, debuting at #1 in the UK, and #3 in the US, respectively, and currently has gone 16x Platinum in the US.

Come on out and see the band perform the down and dirty blues of "In My Time of Dying", or the melancholy and soul stirring "Ten Years Gone", the hymn to nature "Down By The Seaside" or the grinding rhythm of their song of escape, "Night Flight". You'll hear the straight up rockers "Sick Again", "The Wanton Song" and "the Rover", the funk up "Trampled Under Foot", as well as the mysterious light and shade of "In The Light". And of course you'll hear the majestic, larger than life anthem, "Kashmir", the song that both Plant and Page called "the bands definitive moment", and whose lyric writing process drove Plant "virtually to tears."

You won't want to miss this powerful 50th Anniversary live performance of Physical Graffiti, Led Zeppelin's highly acclaimed and wide ranging tour de force!

BAND BIOGRAPHY

Introducing KASHMIR featuring Jean Violet – The Spirit of Led Zeppelin Live! Kashmir was created by vocalist Jean Violet back in 2000. It has grown from the streets of New York City to now being one of the top Led Zeppelin Tribute bands touring nationally and internationally. Experience the mythos and magic of Led Zeppelin – the hits *and* deep cuts that you’ve loved all of your life, with the visual dynamism you’d expect from a Zep show. See Jean as the personification of a young Robert Plant, with his long, golden mane and powerful, seductive vocal delivery. Witness Kevin Slover in his iconic black dragon suit, strutting the stage like a young, cocky Jimmy Page delivering his blistering, raucous riffs with both power and finesse. ...and multi instrumentalist Lenny Lee – as someone who’s long been inspired by the playing and creativity of John Paul Jones – is a natural in the role of “Jonesy”, having performed these songs live for many years. Finally, David Blampied, “keeper of the groove”, is equally adept at the subtle, nuanced passages as well as the thunderous grooves Bonham is known for, creating a dynamic driving force for this powerful rhythm section.

As fate would have it, the members of KASHMIR featuring Jean Violet do bear a resemblance to their counterparts in Led Zep, so beyond the power and intensity of their sound, there’s a visual realism that truly completes the experience. Do yourself a favor and get out to see KASHMIR featuring Jean Violet, and behold them as they embody the Spirit of Led Zeppelin Live, and transport you to a time when Giants Walked the Earth!

BAND BIOGRAPHY

Jean Violet-Lead Vocals/Robert Plant

By age 18, Jean was performing in the top clubs of Pittsburgh, PA with the original rock band Avante Garde. After this initial musical endeavor, Jean relocated to New York City where he formed Naked City, which later became one of the hottest hard-rock bands on the early 90s NYC circuit. Later, he was recruited to travel to Japan for World XXI where he signed a contract with Polydor/Ploygram Records and recorded and toured Japan and the US.

After his Japanese tenure, Jean assembled Time of Dying a Led Zeppelin Tribute that performed in New York City. With TOD, Jean performed regularly on Bleecker Street at The Rock N Roll Cafe and Kenny's Castaways. Time of Dying also got to perform at the legendary Madison Square Garden for the home games of the NY City Hawks Arena Football in 1997. Jean has done extensive studio work, radio spots, and commercials—including The MTV Music Awards, ABC's Good Morning America and a Heineken ad that aired during the 2001 Grammy Awards broadcast (it continues to air around the globe).

Jean is the founder and creator of the Led Zeppelin tribute Kashmir. Jean started Kashmir back in 2000 in New York City and it became one of the top Led Zeppelin tributes in the nation. One of Kashmir's biggest achievements was being hired by singer Chris Martin of Coldplay to perform at Dakota Johnson's private birthday party in front of some of the biggest stars in the business. The event took place in Malibu Beach California which was even featured in the dailymail.uk.

Kevin Slover-Guitars/Bow/Theremin/Jimmy Page

Kevin Slover (a.k.a) Jimmy Page, Mr. Slover brings to bear his four decades of live experience in his portrayal of the revered and mysterious dark mage of the double neck guitar. With a commitment to excellence and authenticity, Kevin re-creates not only the sounds and licks of the founding member of Led Zeppelin, but also the kinetic energy of Page on the stage in performance.

Lenny Lee-Bass/Keyboards/Mandolin/Vocals/John Paul Jones

Lenny is a songwriter/solo artist with 3 cd releases to his credit, and he's a seasoned rock performer who gained notoriety performing with world class singer/songwriter/guitarist Joey Eppard of the progressive rock band "3" and The Emperor of Rock, Richie Scarlet, among numerous others.

BAND BIOGRAPHY

David Blampied-Drums/Percussion/John Bonham

David began playing drums at the age of 4, following the encouragement of his mother who decided even before he was born that he would be a drummer. As a very young drummer, David was exposed to a wide and eclectic range of music from Lionel Hampton to Louie Bellson, Buddy Rich, and Joe Morello. Even going on to study with one of his drumming heroes Joe Morello.

During his formative learning years he became obsessed with the drumming of John Bonham. Spending countless hours playing along with Led Zeppelin albums, perfecting the "tight but loose" style and feel that Bonham was famous for. Capturing both the delicate touch and explosive power of Led Zeppelin's music.

Finding his niche as a versatile and dynamic drummer David has gone on to lend his percussion skills and decades of experience in many different projects, both in the studio and live performances.
